The screenshot of the main app screen:

Mainpage:

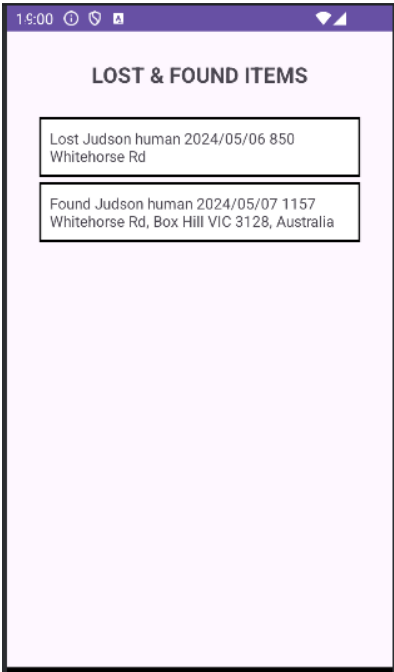

Add post activity:

A screenshot of a mobile application's "Add post activity" screen. The page has a light purple background. At the top, there is a status bar with the time 1:00 and various icons. Below the status bar, there is a "Post type:" label followed by two radio buttons labeled "Lost" and "Found". Below the radio buttons, there are four text input fields stacked vertically, labeled "Name", "Description", "Date", and "Location". Below the input fields, there are two rounded rectangular buttons. The first button is purple with white text that says "GET CURRENT LOCATION". The second button is also purple with white text that says "SAVE".
